

BACK COVER

INVESTING / PERSONAL FINANCE / BUSINESS

The Nigeria stock market is a gold-mine laced with quicksand. To successfully trade the market you need all the information, data and guidance available. But where can you get these? Here is the one-stop source.

This book is a must-buy for all current and intending investors, analysts, scholars, students and watchers of the Nigeria stock market.

Want to improve your performance in the Nigeria stock market? Then, do not buy or sell any more stocks in the market until you have gone through this book.

Do you know

1. Which company gained more than 1,000% in 2008?
2. The biggest losers in 2008?

How about

1. The ten-year dividend and bonus history of all the companies in the Nigeria stock market?
2. The dormant stocks?

Could you use some wise investment tips?

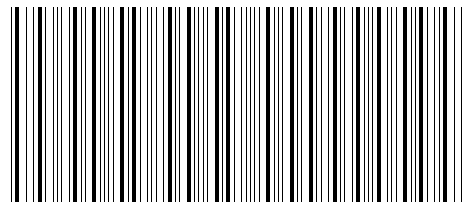

All these and more are in the book.
